To whom it may concern,

We recently had the privilege of having Rock U Mentally perform at the Northwest Arkansas Green Expo in Bentonville, Arkansas. Bucky was great to work with from the start and offered plenty of promotional items to help promote the event. The show was very educational and taught children the importance of taking care of our planet. The whole team was very enthusiastic and was available after the show for photos with the kids.

I highly recommend them for any program. They are very professional and dependable.

Sincerely,

Nancy Desler
Director of Marketing & Design
Bentonville/Bella Vista Chamber of Commerce
