Dear Bucky, Aj and the whole Rock U Mentally cast,

Thank you so much for coming to perform for the students at Hickory Hills Elementary. Every aspect of the show was so well done, and the kids and teachers loved it. Your Rock U Mentally mottos are so important, and you present them in such a way that the kids really pay attention! The variety of message was so wonderful, too—from taking responsibility, to being comfortable with who you are , to stranger safety, to protecting our planet. These are all things that we can't stress to kids enough, and to have them presented in such cool and clever ways was so refreshing!

As a parent and a PTA member, I want to wish you the best of luck for the continued success of Rock U Mentally, and we hope to have you back soon!

Warmest regards,

Kirsten Weiss

Vice President, Hickory Hills PTA
